

DETECTIVES AND MINERS BATTLE, TEN ARE KILLED

Result of Dispute Over Warrant To Arrest Miner

MAYOR AMONG THE WOUNDED

BULLETIN

WILLIAMSON, W. Va., May 19.—One hundred deputy sheriffs armed with rifles were sent from here late tonight to Matewan where citizens and Baldwin-Felts detectives battled late today. They will keep order in the village until the arrival about daybreak of Colonel Arnold and the West Virginia state constabulary.

WILLIAMSON, W. Va., May 19.—Ten persons were killed and a number of others wounded at Matewan 12 miles east of here in a battle between officers of the Baldwin-Felts detective agency and coal miners tonight. The list of dead included seven detectives.

A revolver battle here today out of a dispute between a detective of the Baldwin-Felts detective agency, and a miner over a warrant for the arrest of the miner, resulted in the killing of seven detectives, a miner, and an unidentified boy and the serious wounding of the mayor of Matewan and another citizen.

The dead are: Albert Felts, L. C. Felts, both of Bluefield, J. W. Ferguson, L. N. Brown, C. E. Cunningham, E. O. Powell and J. C. Bower, all detectives; Williams a miner and an unidentified boy.

The wounded are: Mayor A. T. Testerman and J. W. Chambers, both seriously injured. According to authorities here tonight, the trouble started when a miner named Mullens approached Albert Felts and asked if he carried a warrant for his arrest.

Felts replied in the affirmative, according to police who were in the act of reading the warrant when Mullens shot and killed him. Detective Ferguson, officers say, then killed Mullens and the killing of Ferguson by an unidentified miner followed. This, the officers say, was the signal for a general fight, which resulted in the death of the other men.

Excitement here tonight was high and local authorities declared they could not cope with the situation without the help of troops. The state militia was on its way here tonight, it was reported.

DECIDE TO RESTORE OPTIONAL PLAN

AUBURN, N. Y., May 19.—Restoration of the optional plan in obtaining baseball players from lower class leagues has been decided upon by a vote of the members of the National Association of Professional Baseball Leagues, Secretary John H. Farrell announced today. The minimum amount for minor leagues was placed at \$100 and for major leagues \$200, with the privilege of exercising the option between August 20 and September first annually.

Three days notice must be given to the secretary's office of the return of an optional player and all official sales and agreements, accompanied by checks, must be sent to his office for approval. The practice of "farming" players is prohibited.

GEN. MARCH WILL INSPECT RHINE YANKS

WASHINGTON, May 19.—General Peyton C. March, chief of staff of the army, will leave here first on an inspection tour of American forces on the Rhine, and Major General John L. Chamberlain, inspector general, will start in June on an extended tour of France and England to close up numerous army matters.

RESIGNATIONS ACCEPTED

Little Rock, Ark., May 19.—Governor Brough today accepted the resignations of F. H. Watson and L. Frazier, commissioners of a road improvement district in Craighead county. The resignations were signed by the two officials when faced by a crowd of armed tax payers attending the hearing in the chancery court at Lake City, of an injunction suit the tax payers had brought to stop work in the district.

SETTLEMENT FAILS

Washington, May 19.—Prospective settlement of the anthracite miners' wage controversy went glimmering today, the conference between miners, operators and Secretary of Labor Wilson failing to develop the definite compromise anticipated by officials.

After a separate conference with the miners, Secretary Wilson announced he would meet the complete scale committee tomorrow for a second time in an effort to arrange a settlement.

Seattle, Wash., May 19.—The Navy Alaska Coal Commission, headed by Commander O. C. Dowling, will depart tomorrow for Alaska to superintend the mining of coal for use of naval stations on the Pacific coast.

REFUSE TO ALLOW STATES FEDERALIZE NATIONAL GUARD

Action of House Sends Army Reorganization Bill Back To Conference

WASHINGTON, May 19.—The house refused today to approve a compromise agreement with the senate permitting states to federalize the national guard. The vote was 209 to 106.

By its action the house sent the army reorganization bill back to conference with instructions to its managers to insist against changing the pre-war basis of the guard organization.

The compromise was offered to break a deadlock that blocked final passage of the army reorganization bill. Senator Vardaman, New York, headed the senate conferees, and announced that he would present the disagreement to the senate tomorrow with a motion that the senate insist upon the federalization of the guard.

During house debate several members attacked the senate proposal on the ground that its adoption would kill the guard, by making it a part of the regular army. The new system of organization also was opposed as a step toward adoption of a system of compulsory military training.

A telegram from Bennett Clark, president of the national guard association of the United States, opposing the change was read on the floor. His father, Representative Champ Clark, the Democratic leader, was among the speakers protesting against the senate plan.

"This is a culmination of a three year conspiracy of the general staff and a general element in the regular army to kill off the national guard," declared Representative Anthony, Republican, Kansas, in attacking the compromise.

Answering Mr. Anthony, Chairman Kahn, of the military committee, urged acceptance, declaring the only question involved was one of permitting each state to determine the basis of its guard organization.

Representative Sanford, Republican, New York, another supporter of the compromise, said under the present system the guard, whenever called into federal service, would be humiliated by being broken up.

METHODIST PLAN TO HASTEN WORK

DES MOINES, Ia., May 19.—All efforts of various committees and of officials of the Methodist Episcopal conference were turned tonight toward the completing the remaining business by noon Thursday, May 27, the date of final adjournment.

The twelve white bishops have been elected and balloting for the two negro bishops began today. The men whose selection for bishops was announced today were: Dr. C. L. Mead, Denver; F. T. Keeney, Syracuse, N. Y.; and H. L. Smith, Detroit. Robert E. Jones, editor of the Southwestern Advocate, was elected one of the negro bishops. The election of publishing agents, secretaries of boards, and editors will be taken up tomorrow, after which the floor will be clear for the disposition of the numerous reports which have not yet been acted upon. One of the things which is looked forward to with much interest is the report of the committee on assignment of bishops. The report probably will be delayed until Tuesday of next week.

U. S. FLEET ARRIVES AT DRILL GROUNDS

On board the U. S. S. Pennsylvania, May 18.—Via Hampton Roads, (by wireless to the Associated Press)—The battleships of the Atlantic fleet arrived in the southern drill grounds off the Chesapeake Capes tonight, having completed 24 hours of steaming trials.

Six of the seven battleships exceeded the required speed during 20 of the 24 hours endurance run.

GIVES DEATH PENALTY

Chicago, Ill., May 19.—John H. Reese, colored, 40 years old, today was found guilty by a jury of the murder of his wife last December. His penalty was fixed at death. A motion for a new trial will be heard Saturday.

A jury today found Thomas Flannigan not guilty of the murder of Louis Bennett, a junk collector, on March 25, 1913. Bennett was assaulted by three youths, one of whom shot and killed him.

REHEARING DENIED

Springfield, Ill., May 19.—Application of the proposed Davenport, Springfield and Southern railroad for a rehearing on its petition for certificate to permit construction of the road was denied by the state public utilities commission today. The commission denied the road's application on grounds that there is no necessity for the line and that its promoters had no sound financial program.

WILSON SIGNS ARMY AND NAVY PAY BILL

Washington, May 19.—President Wilson today signed the army and navy pay bill, providing for a temporary adjustment of pay scales for officers and enlisted men pending permanent legislation on the subject at a later date.

MANY CITIES JOIN WAVE OF PRICE CUTTING

Reductions Confined Largely To Wearing Apparel

RANGE FROM 20 TO 50 PER CENT

CHICAGO, May 19.—The wave of price cutting in wearing apparel continued today to sweep the country, merchants in many cities and towns announcing reductions in men's and women's clothing, shoes, hats, and other articles. While some merchants said the reductions could not be maintained after present stocks were exhausted, others declared the price cuts were the logical outcome of breaks in the eastern market, a backward season and large stocks on hand.

Owners of department stores in scores of cities and towns today announced price reductions in men's and women's apparel, ranging from 20 to 25 percent, while in some places shoes and other articles were sold at reduced prices.

Banking interests in New York today extended their campaign of deflation of credits and high commodity prices and pressure exerted by them in the wholesale dry goods and general merchandise districts was said to be responsible for the wave of price cutting in the retail trade.

The price cuts largely were confined to wearing apparel, but a spread of the movement to other lines was indicated by the action of Omaha dentists in reducing the price of dental work.

A newspaper advertisement inserted today by a Newark clothing concern denounced price cutting as "an economic mistake," asserting that "it is economically unsound to sell merchandise today for a price which is less than we can buy it from the makers anywhere."

Several Milwaukee merchants characterized the movement as a "circus stunt." In St. Paul where marked price reductions were announced by business establishments, the largest wholesale millinery concern in the northwest announced it would open its doors to retail trade and dispose of a \$1,300.00 stock at prices fifty per cent below prevailing retail prices.

Price reductions ranging from fifteen to fifty per cent were advertised by a number of Boston retail stores.

At St. Louis three department stores cut clothing prices fifteen to 25 per cent, while several men's stores announced 33 1-3 per cent reductions in men's suits. A Texarkana, Ark., shoe store announced a sale of \$12 shoes for \$4.85.

At Chattanooga, Tenn., leading stores of Chattanooga advertised 20 per cent discount on all goods sold except contract commodities; one Columbus store reduced women's clothing 33 1-3 per cent and another conducted a "half price" sale on all its spring suits.

At Hannibal, Missouri, Ottumwa, Iowa, Rock Island, Ill., Sioux City, Iowa, and many other middle western cities and towns come reports of reductions in clothing prices.

SUFFRAGE LEADER SAILS FOR EUROPE

NEW YORK, May 19.—The American Woman's Suffrage delegation, headed by Mrs. Carrie Chapman Catt, international president, sailed from here today on the steamer, Royal George for Europe, to attend the eighth congress of the International Woman Suffrage Alliance at Geneva, Switzerland, June 6 to 12.

There were thirty delegates, alternates and visitors in the party, including Mrs. Josephine Daniels, wife of the secretary of the navy, who goes as an official representative of the United States government.

Mrs. Daniels in a statement issued before sailing said that she had received information that the Louisiana legislature, now in session, will ratify suffrage.

Besides Mrs. Catt, Mrs. Daniels and Mrs. Stanley McCormick, first corresponding secretary of the international alliance, the party included the following delegates:

Mrs. Jacob Bauer, Illinois and Mrs. J. Hamilton Lewis, Illinois.

LABOR FIGHTING CUMMINS

Port Dodge, Ia., May 19.—A resolution pledging the support of labor to defeat Senator Cummins was unanimously adopted by the convention of Iowa Federation of labor here today. A rising vote unanimously endorsed Col. Brookhart for the republican senatorial nomination. Attorney General H. M. Navner, candidate for governor was declared "unfit for further public office."

ADMIRAL COONTZ JOINS HANNIBAL POST

Hannibal, Mo., May 19.—Admiral Robert E. Coontz, chief of naval operations, and a native of Hannibal, today joined Emmette J. Shields post, American Legion here. This is the legion's membership week.

Condensed Telegraphic News

R. R. LABOR BOARD REFUSES HEARING TO YARDMEN'S PRESIDENT

Little Headway Made Wednesday in Settling Wage Difficulties

CHICAGO, May 19.—Declaring that it would not undertake to bear any disputes or controversies except those which it was authorized to hear by law, the United States Railway Labor Board today refused to consider a petition for a hearing presented by John Grunau, president of the Chicago Yardmen's association, H. E. Redding, president of the United Engineers' association, and officers of sixteen striking railroad unions.

The petition stated that no wage scale would be considered satisfactory, "which does not provide the necessary machinery for all the men and women now away from the service to be returned to their former positions without prejudice and with their seniority unimpaired."

The transportation act of 1920, by which this board was created, and under which it acts, expressly named and described the classes of applicants entitled to be heard and what should be done to entitle them to a hearing. "A rule handed down Judge R. M. Barton chairman of the board said, "It must be thoroughly understood that the board cannot undertake to hear any disputes or controversies except as it is authorized by law to hear and cannot and will not hear the application of parties with the law and the rules of the board."

After the switchmen's petition had been rejected the board took up the suggestion made by E. T. Wheeler, representative of the railroad managers, that a sliding wage scale, based on factors in the increased cost of living be devised for the railroad employees who have asked wage increases totalling approximately \$1,000,000.

WILL TAKE UP FOREIGN SITUATION

LONDON, May 19.—A Berlin dispatch to the Exchange Telegraph Company says it is reported in parliamentary circles that the German government will make a declaration touching the foreign political situation Thursday. With respect to the Spa negotiations it is said the government will lay its financial program before the entente and demand guarantees that the allies will not further impede the restoration of Germany by new occupations of her territory.

Germany will also demand the withdrawal of all colored troops punishment for all crimes committed by allied soldiers; the restoration of the old frontier customs duties and simplification on connection between occupied and unoccupied territory.

RE-ELECTION OF SHERIFFS AGREED TO BY CON CON

Same Privilege Is Denied To County Treasurers

DELEGATES IN LONG DEBATE

SPRINGFIELD, Ill., May 19.—Additional sections of the county and township article of the new constitution being framed for Illinois were approved today by the constitutional convention meeting in committee of the whole. The article on county and township organization has been under consideration throughout the week.

It was decided today to permit sheriffs to run for re-election but to deny county treasurers this privilege. This decision was reached only after long debate in which it was argued that treasurers should be changed every term so as to check on their administration of public funds while others declared the office should be permitted to run for re-election in order to promote efficiency in the office.

An attempt by Delegate John Brenholt, Jr., of Alton, to amend the section providing for the pay of county officers so as to have their compensation fixed by the legislature failed. The committee report provides that their pay shall be fixed by the county board.

Another section approved today would permit the general assembly to enact laws for the government of counties which shall become effective when approved by the electors of any county which might wish to adopt such a government.

The sub committee of the legislative department committee has practically completed its draft of a section providing for apportionment in the general assembly. It is understood the apportionment of senators will remain as at present, two senators for each of twenty-five senatorial districts. The distribution of representatives will be one to each county and an additional representative for each 50,000 population. This would mean that a county of 100,000 population would be entitled to three representatives.

MICHIGAN DEMOCRATS IN CONVENTION

GRAND RAPIDS, Mich., May 19.—Support of the league of nations covenant and the Versailles treaty with amendment and "unfaltering support of President Wilson" who has given all but his own life in the service of his country and the world, were pledged in resolutions adopted by the Michigan state democrats at their convention here today.

Thirty uninstructed delegates to the San Francisco convention were delegated, four by the convention and twenty-six by district caucuses. The delegation will observe the unit rule. No mention was made on the convention floor of a presidential nominee, Herbert Hoover, an avowed republican, having won the democratic primary.

A resolution criticized the delay by congress in acting on the soldiers bonus bill, declaring the ex-service men were being used as "political footfalls."

The convention came to a close after a heated debate over a resolution on the prohibition question. It was drawn and finally adopted the resolution declared national prohibition a "constructive act of the Wilson administration."

DISCUSS MEXICAN SITUATION WITH COLBY

WASHINGTON, May 19.—Caution in extending recognition or support to any Mexican faction instrumental in the overthrow of Carranza, was urged upon the state department today by representatives of various industrial groups having interests in Mexico and by former diplomats. Definite assurances of the Mexican party now in power as to its attitude toward foreigners and foreign investments should be first obtained, it was held.

Among those who conferred with Secretary Colby on the Mexican situation were former Ambassador Henry Lane Wilson, former Charge D'Affaires Nelson O'Shaughnessy and E. L. Doherty, representing Tampico oil industries.

State department officials also were requested to advise American interests as to whom in Mexico they should pay current taxes.

CONDEMN BONUS PLAN FOR SOLDIERS

KANSAS CITY, Mo., May 19.—The Missouri bankers association here today adopted a resolution condemning the proposed soldiers bonus plan, except as it would affect former service men who were disabled in service.

The resolution urged immediate aid for men incapacitated by declared the bankers looked with disfavor on a proposition to tax the public to pay a bonus to all former soldiers.

G. O. P. COMMITTEE FINISHES COLLECTING DATA FOR PLATFORM

Spend Two Days Discussing Subjects Covered by Report

WASHINGTON, May 19.—Executive of the republican committee of 171, in conference with other leaders in the party, today put the finishing touches on the data collected by the committee for use in framing the national platform.

Completing two days of discussion on the twenty-one subjects covered by the committee's report, the party chiefs declared complete harmony had been attained and a big start made toward constructing the framework of a platform on which all republicans could unite. The committee report will be distributed to convention delegates and submitted to the convention's platform committee for its guidance.

All of the subjects included in the committee's report and discussed yesterday and today however, relate to domestic affairs and do not touch on some problems which are expected to be storm centers at the convention. The treaty of Versailles, Mexico and liquor were among the topics omitted.

These subjects are expected to be taken up in consultations during the next few days, although the leaders said no final program could be agreed on before the meeting of the convention.

The feeling among the titular leaders of the party is understood to be that republican senators can most easily work out the party's declarations on foreign affairs, including the plank on the treaty. The senators already have done considerable work in that direction, but it was said tonight that there had been no agreement on details.

WELL KNOWN SCOTT COUNTY PEOPLE WED

Miss Alma McCullough Is Bride of Mr. Paul Markkille—Impressive Home Ceremonial Wednesday Night

At 8 o'clock Wednesday night the marriage service for Mr. Paul Markkille and Miss Alma McCullough was said at the McCullough home near Riggston, Scott county. Because of the prominence of the two families it was an important marriage event and more than 100 relatives and intimate friends were included in the company. Rev. C. W. Casely of Winchester and Rev. Elmer Palmer of Bluffs were the ministers officiating and the impressive double ring ceremony was enjoyed.

As Mrs. Howard McCullough at the piano played the wedding march from Lohengrin the members of the wedding party stood before a bower of flowers and foliage in the parlor. The ring bearers were William McCullough, brother of the bride, and Margaret Edna Markkille, sister of the groom. Each carried a ring concealed in the petals of a rose and they preceded the other members of the party.

The bride entered with her father, W. E. McCullough. The bridesmaid was Miss Irene McCullough and the groom was attended by Mr. Paul Mason of Winchester. With the wedding music still sounding, the beautiful service proceeded. When the final words had been spoken the relatives and friends extended their heartiest congratulations.

The bride's gown was of white crepe de chine over white satin, trimmed with chintilly lace. She wore a wreath wrought from rosebuds and orange blossoms, the gift of her aunt, Mrs. T. W. B. Everhart of Los Angeles, Cal., and carried a shower bouquet of bride's roses.

Miss Irene McCullough's dress was of pink tulle and she carried a beautiful bouquet of Russell roses.

A four course wedding supper was served by Mr. and Mrs. E. C. Vickery. In the dining room yellow and white roses were used for the handsome decorations. In the parlor hydrangeas and ferns made the wedding bower and the other decorations in this room and throughout the house were in accord, flowers and foliage giving the most graceful effect.

Mrs. Markkille is the daughter of Mr. and Mrs. W. E. McCullough and has spent all of her life in Scott county. A fine spirit has given her a pleasing personality and so the good wishes from friends and relatives alike are genuine and sincere at this wedding time.

Mr. Markkille is the son of Mr. and Mrs. Edward Markkille and he also is a Scott county product. He attended the Winchester high school and now holds a responsible position with the banking firm Neat, Condit & Grout.

The many beautiful gifts received indicated the esteem in which these young people are held. They left on a late train for a brief wedding journey and will later be at home to their friends in Winchester.

Among guests in the company were Mr. and Mrs. Scott Holmes, Markham; Mr. and Mrs. Andrew Allan, Chapin; Mr. and Mrs. Bernard Allan, Chapin; Mr. and Mrs. W. L. Fay, and Mrs. W. H. Stull, Chicago; Mr. and Mrs. W. A. Fay, William McCullough, Jacksonville; Mr. and Mrs. Harry Allen, Omaha, Neb.; Mr. John Wagoner and Miss Leota Wakeman, Mason City.

GRAIN AND COAL DEALERS IN WILD CLAMOR FOR CARS

More Progress Made In Breaking Freight Blockade

BARNES CALLS CONFERENCE

WASHINGTON, May 19.—A wild scramble among individual lines of industry for preferential treatment in car movement developed today as the Interstate Commerce Commission gave indication of reaching definite conclusions on plans to break the freight blockade.

There was a clamor for cars and for priority orders by grain and coal dealers.

A committee of the executives recommended to the Commission that it order the transfer of 20,000 cars from the Atlantic seaboard to lines west to Chicago, and the re-allocation of 30,000 coal cars now west of the Mississippi river to areas in the freight congested east.

Members of the Michigan congressional delegation together with representatives of Michigan public utilities, appealed to the commission for consideration in the movement of coal to that territory. A pressing need for fuel was declared to exist throughout the state and they urged the commission to clamp down on the "misuse of open top equipment" so that it would be available for transportation of coal. Gas and electric plants in most of the cities are operating on a "hand to mouth" basis, according to representatives of the commission. The delegation charged the fuel shortage to the use of coal cars for other purposes which, consequently left lines transporting freight to the Michigan peninsula without adequate equipment.

At the conference called by Director Barnes of the grain corporation, complaints about the supply of grain for production of the middle west was the principal topic of discussion. There were assertions that even when cars were supplied "less than twenty percent of them were fit for loading." Presidents of several railroads answered these charges with the statement that the task of restoring equipment to a serviceable basis was one "almost beyond human comprehension."

Mr. Barnes said that wheat shipments after June 1 should be given priority since adequate and immediate movement of the grain underlays stable credit for the growers. But Hale Holden, president of the Burlington and a member of the executives committee, said the roads could not possibly furnish 100 percent car supply because much of the rolling stock had not been kept in condition during the war.

ADMITS SLAYING OF WIFE AND BABIES

GREENVILLE, Ill., May 19.—A letter, purporting to have been written by Harley O. Beasley, alleged slayer of his wife and two bay babies, in which he admitted he was guilty of the crimes, was made public today. Beasley committed suicide over his wife's grave yesterday.

"I did it because I loved them and couldn't bear to give them up," the letter read. "After I am gone I want to be buried by the side of my darlings."

His request to be buried by his family will be disregarded, it was said. Beasley is said to have committed the murders at Webster City, Iowa, May 8, after failing to effect a reconciliation with his wife, from whom he had been separated.

DISCUSS STATE ROAD BUILDING

Springfield, Ill., May 19.—Road contractors engaged in state road building in Central and southern Illinois met high-way department officials to discuss the securing of material for road construction. The contractors said they are experiencing great difficulty in obtaining materials for road construction.

PROHIBITION CONDEMNED

Springfield, Mo., May 19.—Prohibition was condemned as depriving laboring men of their rights by the Missouri state federation of labor convention today.

The chamber of commerce at Alton is agitating the question of a consolidation of the two telephone companies operating there. One proposal is that one purchase the other. A second plan provides simply for an interchange of service. The action proposed is in accord with that taken in a number of Illinois cities and pending in others.

The Wheat Growers' association in session in Kansas fixed the basic price for the 1920 crop at \$2.13 per bushel, with the statement that wheat will be disposed of at that price. It remains to be seen whether the association has the power to dictate such a price. Certainly it is out of line with other conditions for cotton is down \$5 per bale, there is a sagging in the grain market and at present for the first time in months there are definite signs of lower prices for several of the necessities and

many commodities that are not classed as necessities.

Prohibition may not prohibit as some of the opponents of the law insist. Still the bootleggers do not flourish these days and the moderate drinker is very moderate indeed. With whiskey costing \$25 a quart the temptation to take many drinks a day is gone—at least for the man of average financial strength.

There was another break in corn yesterday, the market declining several cents which taken in connection with the loss the day before, makes the grain very much cheaper. Some men who follow market affairs, look for still other breaks, as they think that corn quotations are too high by comparison with other products. Farmers, however, do not share in this talk about "too high prices" for the products they have to offer.

Money is tight and investors are warned to go slow. Nevertheless a farm loan was negotiated locally the other day at 5 1/2 per cent to run for a period of years. It was insurance money and some of the big insurance companies still look upon central Illinois land as the best possible security, and with value that will be maintained thru the years.

Then another evidence that there is still some money in the country is furnished from St. Louis, where a million dollars' worth of furs were sold in one day recently.

From the balloting for bishops that is going on at the Methodist

general conference at Des Moines it looks as if there must be some politics even in such august religious gatherings. One of the men elevated to the highest honor, if the gift of the church received in the beginning only a little more than 100 votes and something more than 500 is necessary for election.

After all, there is a certain amount of wire pulling, organization, politics or whatever you may call it, underlying most every large effort.

Chairman Will Hayes of the national Republican committee has taken an unprecedented course, it is said, in having platform suggestions prepared in advance for the resolutions committee that will serve at the national convention.

Since the party platform is supposed to represent the best thought of the leaders and members of the party, it sounds like an excellent plan to have their sentiment summarized and defined ready for the use of the committee.

One hundred boys in the Decatur schools between the ages of 12 and 14 years were asked their wishes about their life work. Only five expressed preference for professional work, their answers being quite in variance with old rules. It used to be that the majority of a group of boys would express the hope to become lawyers or physicians.

Times have changed and the increase in manual training has had something to do with bringing about the different viewpoint for high school pupils.

One fact which makes the work of the traffic officers much simpler is that the public is in favor of the new traffic regulations. While some of these regulations seem very strict, it is generally understood that the rapid increase in the number of automobiles used on the streets, has made necessary the more stringent rules.

A traffic ordinance is for the protection of both the drivers of vehicles and pedestrians, and people quite generally understand that it was for this purpose the measure was passed. A law with public sentiment behind it is not very difficult to enforce.

MAYBE THE BANKERS HAD THIS REASON.

Perhaps the bankers in making restrictions for loans had in mind this very thing of bringing about price reductions. Whether or not that is true, it looks reasonable that the tighter money conditions have resulted in the declining market. For a merchant who needs money and has difficulty in borrowing it, there is the alterna-

tive of cutting loose some of the stock on hand. The way to realize quickly is by the cut in price method. When one merchant follows this course, others naturally join in.

There is something contagious about cut price sales and with present conditions which are a strange mixture of timidity and confidence, it is easy to see how quickly retail stores can fall in line for the reduction in prices. Thus far foodstuffs have not shown the declines that have come in other lines, but these are bound to follow.

WHAT THE BOY SCOUTS STAND FOR

There are 396,008 boys in Scouting. There are 10,000,000 other boys of Scout age out of it. Think of it, you friends of boyhood—10,000,000 boys, men in the making; needing only leadership to mould them into citizenship of the finest sort, wanting your leadership. Scouting is the process of making real men out of real boys, by a real program, which works. Scouting is a happy, wholesome, worthwhile, outdoor school. Scouting is a huge, splendidly organized game, with all the fine zest of competition, the finer test of cooperation, the keen testing of mind and muscle, the essential good sportsmanship of a football game, only it is a constructive game, a progressive game. It gets someone where.

Scouting is more than a game. It teaches signaling and first aid and fire fighting and outdoor cookery and a host of other useful and important things. It teaches also self-reliance and helpfulness, courage and courtesy, loyalty and reverence, patriotism and honor, and other kindred qualities of good repute. Scouting is non-sectarian, though its ideals are in accord with those of the church, and it is based upon a pledged allegiance to the service of God, the brotherhood of man.

Rippling Rhymes

THE DISMAL DAY

The day is dark and chilly, and nasty showers descend; the winds are sad and silly, their wailing has no end. The men have quit their hoeing until the weathers dry; the women drop their sewing, and gaze outdoors and sigh. On such a day a fellow is willing to believe that all the world is yellow, this life designed to peeve. The cheerful words of Browning that all the world is well, can't stop his heavy frowning, or soothe him for a spell. He feels that all the sages and bards who sing of hope can never earn their wages by springing sunshine dope. The weary winds are blowing, it is a beastly day, no cheerful cows are crowing, no blithesome roosters neigh. But all the out-door critters are wet and cold and blue; no wren or robin twitters and makes a howdydo. But hold, the ducks are joyous, the he ducks and their wives! The rain-storms that annoy us bring joy to their young lives! So let's resume our grinnings and caper round again; the ducks must have their innings, as well as hens and men.

TO BE HELD FRIDAY

An inter-church meeting of all the churches in Jacksonville will be held in the Grace church Friday of this week at 7:30 o'clock. Sometime ago the inter-church work was presented to representative groups of the Jacksonville churches and at that time another meeting to complete the organization, and select the executive committee and to make arrangements for the general survey was deemed necessary.

Rev. E. B. Landis will represent the city survey department of the inter-church work and present the plans. All the pastors, officers and leaders in the several are most cordially invited to attend this meeting Friday evening at 7:30.

MEMORIAL DAY
APPROACHING

Its Observance Should Be General and Hearty.

As already announced, Memorial day is approaching and should be generally observed by all residents of the land. There is no desire on the part of the Grand Army to overshadow any other organization for the superb work done by the sons of America in the World's war can never be praised too much. But at the same time it should be remembered that had not the boys gone out from 1861 to '65 there would have been no such United States in existence as is now the case.

The rapidly thinning ranks of the veterans is sad. When a man of military renown visited this city nearly forty years ago about three hundred veteran turned out to greet him and give him an ovation and escort through the streets. In its palmiest days Matt Starr Post, G. A. R. had almost two hundred members; now it can hardly muster forty. At the last Memorial exercises only five men wearing the bronze button felt able to march from Centenary church to Jacksonville cemetery. One was 83, one was 81 and three were each 75 years old and it is doubtful if all three will be able to march this year. One of them at present is hardly in condition to do so.

A fine program has been arranged for Memorial day. Sunday, the 30th, the annual sermon is to be delivered by Rev. M. L. Pontius at Central Christian church and all know there will be something good.

Monday at Centenary church a good program has been arranged. The chief address will be by Rev. T. H. Tull of Grace M. E. church; then there will be superior musical numbers and recitations; reading of Gen. Logan's order and Lincoln's Gettysburg address and care has been taken not to have the exercises tedious or long drawn out that day.

Especially is it a day when there should be full and hearty cooperation between the American Legion and the Grand Army and the Journal hopes that will be the case. Last year the graves of all known members of the army of the great war were decorated and they will be suitably remembered this year as far as known.

Then too the plan, tried last year so successfully is to be carried out this year, that of having full exercises at Diamond Grove and Calvary cemeteries in the morning and at Jacksonville cemetery in the afternoon. Every one please remember the usual requests for flowers in due season and auto owners will be asked to supply cars for both morning and afternoon Monday the 31st.

With usual patriotism, Charley DeSilva's drum corps will furnish their services for the march to Jacksonville cemetery.

CORONER WILL HOLD
INQUEST IN REED DEATH

Had Been Attended at Various Times But Had No Physician For Days Before Death—Deceased Was Veteran of Civil War—Had Been in Failing Health For Some Time.

Owing to the fact that he had had no physician in attendance for some time before his death, Coroner Rose will hold an inquest today to inquire into the cause of the death of Thomas J. Reed.

Mr. Reed died at his home 810 Doolin avenue at 8:30 o'clock Tuesday evening. He had been in failing health for a number of months. During that time Dr. King and Dr. Woltman had been called to see him. However, neither had seen him for several days before his death and did not feel like issuing a death certificate. For this reason an inquest had to be held.

Deceased was born in Cairo March 1, 1842. He was married to Miss Susan Anna Haingrove in Missouri in 1867. He is survived by the following children—Mrs. Carrie Enos, Jacksonville, Mrs. Maude Holley, South Bend, Ind., Mrs. Manda Kearns, Naples, Mrs. Ethel Kenneberger, Peoria, Geo. Reed, Clinton, Edward Reed, Rymon, Washington, Frank and Taylor Reed, Jacksonville.

Mr. Reed had been a resident of this city for many years. He was a member of the M. E. church and of Matt Starr Post G. A. R.

The remains were removed to the undertaking parlors of W. W. Gillham and prepared for burial. Funeral services will be held from the parlors at 10 o'clock Friday morning. Interment will be in Jacksonville cemetery.

NOTICE
The members of Carpenter's Union, No. 904, are requested to meet at 1:30 today at Labor Temple to attend in a body the funeral of Brother Joe T. Wood.

AUTO INSURANCE COMPANY WINS EXPERT'S PRAISE

The continental Auto Insurance association, Springfield, Ill., has just undergone a rigid examination by the insurance departments of Illinois, Missouri, Kansas and Indiana.

The insurance examiners, in making their report, had the following to say concerning the association: "It is managed by men experienced in insurance affairs. The books and records are complete in detail and the affairs of the association are efficiently managed and provision has been made to take care of all liabilities, and the interests of the policyholders appear to be safe-guarded."

"An examination of the claim files discloses the fact that the claimants have been treated honestly and fairly."

"The association provides for protection in case of a conflagration or destruction of a number of machines in any one fire, by a reinsurance contract with reliable and authorized insurance concerns whereby the maximum loss to the association by fire or theft will not exceed \$5,000."

"The association has gross assets of \$107,147.58. Its liabilities are \$43,570.29, giving a surplus of \$63,577.29."—Chicago Evening Post, May 17, 1920.

COMMENCEMENT AT BLUFFS MONDAY

Eighth Grade Pupils in Graduating Class Receive Diplomas—Other Bluffs Happenings.

Bluffs, May 18.—The eighth grade commencement was held at the opera house Monday night. Ten boys and six girls received their diplomas, having completed the work in the grades ready to enter upon their duties in the high school. They assisted by pupils from the seventh grade, presented the following play, "Initiating a Granger" and "Patty Saves the Day" in a very creditable manner. After the play, the High School Glee club favored the audience with a song. This part of the program was especially pleasing. Supt. O. V. Walters delivered a very instructive and interesting address, the theme being "Success." His remarks were directed to the class urging each one to climb upward and onward step by step until the highest pinnacle was reached and not to take any by path and

fall by the way side. Then after having completed the work in the high school to press diligently on taking up the college course which if aptly applied would fit each for his regular duty of life upon a higher plane in a broader field of action. Presentation of diplomas by Supt. Walters closed the evening's program.

Melvin Seeman, one of the eighth grade boys narrowly escaped serious injury Monday morning while helping to remove the decorations from the opera house when one of the ropes broke, letting one of the heavy curtains fall to the stage, the pole striking him upon the forehead and injuring him in such a manner that he was hurried home and the assistance of Dr. C. A. Evans secured. No serious results are anticipated, however.

Miss Blanche Hinthorn of Bloomington has arrived to visit friends and to attend the exercises of commencement week.

SPECIAL SERVICE FOR BLUFFS GRADUATES

Baccalaureate Services Held Sunday in M. E. Church For Graduating Class of High School—Other News Items.

Bluffs, May 19.—Baccalaureate services were held at the M. E. church Sunday evening and despite the rainy evening a large assemblage greeted the speaker. The church was prettily decorated in potted plants for the occasion and the twelve graduates followed by Superintendent O. V. Walters and lady principal, Miss Faye Rees presented a very pleasing appearance. Rev. E. D. Palmer, pastor of the church gave a very interesting talk on "The Riddle of Life, or Life's Problems." He handled the subject in a manner that pleased his hearers and furnished much food for future thought. In part he said that "fame, built upon selfishness is like a beautiful bubble that vanishes in thin air." "In the great game of life we must do the little things." Fame is built upon the little things. He conquers who conquers himself. The true ideal of life is not to be rich, not to be a master but to be faithful to a great cause. Be faithful until the end to the God given tasks, there lies success.

He urged the members of the graduating class of 1920 to set their standard high and never lower it. To drink deep of the stream of knowledge or drink not at all. Let the high school education acquired during the past four years be the foundation upon which to build the college course. Nobility of character together with the well trained and disciplined mind makes the great leader. Music was furnished by the Glee Club. Misses Vera McCaleb and Zela Mueller sweetly sang "The Wanderers Night Song". Benediction was pronounced by Rev. E. J. Rees.

Rev. Elwin Palmer of Chicago is expected to arrive Wednesday for a visit with his mother, Mrs. Margaret Palmer and son, the Rev. E. D. Palmer.

Ogden Sears and Raymond Knoepfel were business callers in Springfield Friday.

RETURNS FROM TRIP TO NORTH.
O. F. Conklin returned yesterday from a ten days' stay in Michigan. Mr. Conklin accompanied his daughter, Mrs. Zachary, to Charlevoix, Mich., where a cottage was leased for the summer months. Mrs. Zachary returned several days ago. From the resort territory Mr. Conklin went to Grand Rapids, his former home, where he still has financial interests. He was a guest there of his brother, who the not a resident here, is interested in Morgan county as a land owner.

CROP CONDITIONS IN GREENE COUNTY.
Heavy Rainfall of Past Week Has Done Work—Bar on Barnett Farm Struck by Lightning—Wrecking Derrick in Use at Roodhouse.

White Hall, May 20.—This has been a week of the heaviest rainfall of the season, the total being 4.14 inches, approaching the normal rainfall for the entire month of May by 0.63 of an inch. At the close of last week and the beginning of this week farm work had gotten under full headway, and then it rained. Thursday night the clouds cleared away and produced a frost with the temperature down to 33 degrees, a thin coating of ice forming, but there was no damage to vegetation. The roads were reshaping themselves and the ground was becoming in approachable condition for working when it rained again on Sunday and Monday. Lightning on the night of the 11th struck a barn on the farm of A. J. Barnett, three miles east of White Hall, killing a horse and knocking out one end of the barn. Operations defending on electric power have been hampered by the transmission lines being out of commission a considerable part of the week. This feature was a further deterrent to railroad operation at the Roodhouse terminal, the turntable there being operated by electricity. The wrecking derrick had to be put into use Wednesday in turning engines on the table, as the apparatus is too big to be operated by hand power.

Grasses are in good condition, and the season of rain seems to have played havoc with the brood of Hessian fly. Some reports from over this section would make it appear that the winter kill of wheat is a calculable quantity, but fails to prove out as warranted consideration, and the condition of winter wheat continues to be placed at 90. A great deal of corn ground had been broken when the rain set in last Tuesday afternoon, since which time it has been impossible to resume plowing and planting operations.

The car situation locally has not reached the acute stage where a shutdown is evident, and there is a fair movement of clay products.

COMMENCEMENT WEEK EVENTS AT ASHLAND.
Community High School Commencement Exercises Today—Other News Notes of Interest.

The third annual commencement of the Ashland community high school will be held at the Christian church Thursday evening, May 20, 1920, when a class of sixteen will be given diplomas. The graduates are: John Thomas Adkins, Hazel Brown, Clara Brown, Earl Bailey, Thomas P. Beggs, Russel Cosner, Rolland B. Cosner, John H. Daniels, Jr., Glen Holmes Henry, F. Hibbs, Verdie Jones, Marjorie Johnson, Pearl Shelton, Christine Six, Gertrude Sehy, Mayme Votsmeier.

The baccalaureate sermon was delivered at the M. E. church Sunday evening at 8 o'clock, by Rev. F. V. Wright, pastor of the Baptist church. Notwithstanding the inclement weather, there was a large crowd in attendance.

Mrs. Will Stauter of Low Point, Ill., passed away Saturday afternoon at 5:30 o'clock, after many weeks of intense suffering. Mrs. Stauter was formerly Miss Ardell Emerich, of Prentice, Illinois.

Mrs. Walter Holmes, son and daughter, made a business trip to Springfield Saturday. John Nix visited relatives at Bath this week.

A. G. Waterfield and family of Sinclair visited relatives here Sunday.

SURE RELIEF FROM

ITCHING SKIN DISEASES

Will Never Come From Salves, Ointments, or Other Local Treatment.

A million gallons of lotions, ointments, salves or other forms of local treatment will not give any real permanent relief from skin diseases. Get this fact firmly in your mind, and there is hope for you.

If you have ever been afflicted with eczema, tetter, boils, eruptions, or other similar skin irritations you can appreciate the real terrifying discomfort that comes from these disorders. And what you are looking for is not merely temporary, palliative relief that may cause the terrible burning and itching to abate for awhile, but real genuine relief that shakes off the shackles of the disease, and restores the skin to its former healthy condition.

Follow the teachings of science, and you will learn that the skin is fed by the blood, and naturally, then, the condition of your skin will depend upon the condition of your blood. If the blood becomes

infested with millions of tiny, case germs that attack the skin, then the fiery irritation and intense itching will remain until these germs are attacked by their source and removed from blood.

Genuine relief, therefore, only be expected from a treatment that goes right to the seat of trouble, and strikes at its source. Such a remedy is S.S.S., the able old blood purifier that the germs of disease, and new supply of rich red blood cing through the veins.

S.S.S. has been used successfully in some of the worst cases of eczema and other skin disorders and it can be relied upon to clear the blood thoroughly of the germs which cause these complexions. S.S.S. is also a splendid tonic system-builder, and it builds and adds new vigor to the system.

Go to your drug store and get a bottle of S.S.S. today, and the right treatment for skin cases. Then if you feel that case requires special medical advice, you can obtain same without cost, by writing to Chief Medical Adviser, 13 Swift Laboratory, Atlanta, Ga.

G. O. P. Convention Snap-Shots

The Story of 16 Nominations

By A. H. Vandenberg

THIRD CONVENTION

The third Republican Convention met in the midst of Civil War. And though acrimony, dissensions and disappointments threatened Lincoln from all sides, destiny had plain sailing when the clans finally gathered at Baltimore on June 7, 1864. Prior thereto the famous "Pomeroy Circular" had unsuccessfully tried to rally the party to Chase—declaring Lincoln much too willing to compromise with the rebellious South. Later, when the insurgents similarly minded met at Cleveland, and in the name of 15 states, actually nominated Fremont, who a few weeks later withdrew. A third anti-Lincoln cabal, engineered from New York, sought to promote General Grant. But Grant himself peremptorily refused to countenance such political treason.

So when the official Republican gathering convened, the atmosphere and the track were clear. Robert J. Breckenridge, "the Old War Horse of Kentucky," was temporary chairman, and Governor Dennison of Ohio was permanent chairman.

Lincoln was re-nominated on the first ballot. The result was: Lincoln, 48; Grant, 22—the latter being the instructed vote of the Missouri delegation. The nomination was promptly made unanimous.

Largely because Lincoln himself willed otherwise, Vice President Hamlin was not re-nominated with him. Instead, the choice, upon a single ballot, fell upon Andrew Johnson of Tennessee, who had not then disclosed any of the tendencies which later rendered him so obnoxious.

The resolutions pledged uncompromising fidelity to the successful prosecution of the war, declared for a constitutional ban on slavery, promised faithful redemption of the public debt, and reiterated the policies of the Monroe Doctrine as a warning to Europe not to attempt to take advantage of the United States in her hour of domestic trouble.

(Continued tomorrow, with the story of the Fourth Convention.)

Funerals

Jones.

The funeral of Mrs. Lilla Gordon Jones was held Wednesday afternoon at Central Christian church with the services in charge of Rev. Mr. Wetzel of Bloomington. The deceased was for many years resident of Lynnville precinct, but died Monday after a lingering illness at the home of her daughter, Mrs. E. W. Crum, in Waverly. For a number of years the deceased was a resident of this city, making her home with her daughter, Mrs. Nannie Westover, then resident on West College avenue. After the family removed to Springfield Mrs. Jones was there for a time and then went to live with her daughter at Waverly.

Mrs. Jones' maiden name was Lilla Gordon and she was the daughter Mr. and Mrs. William Gordon, early residents of the county. She was born eighty-six years ago at Lynnville. After attending the school there she later was a student at the Jacksonville Female academy here. Her marriage to T. W. Jones of Jacksonville was solemnized here and their home was established in Lynnville. Mr. Jones was a son of Dr. John T. Jones, one of the early physicians of Morgan county.

The deceased became a member of Lynnville Christian church in early life and her name has been upon the roll thru all the long years, her interest in church affairs continuing to the last.

She was a woman of liberal learning and broad culture who was interested in every forward movement in the county thru a long period of years.

The deceased is survived by four children, Charles W. Jones and Mrs. Nannie Westover, Springfield; Mrs. E. W. Crum, Waverly, and Dr. Ralph Jones, Woodson. At the funeral services the flowers were cared for Misses Lilla Jones, Marian Jones, Helen Crum, Dorothy Westover, Maude and Rebecca Gillham. The bearers were Edwin Crum, Russell Westover, Paul, Herald, Lawrence and Ralph Gillham.

TALKS ABOUT FINANCES

J. A. Ayers, who has for a long period paid attention to financial affairs, believes that only the existence of the federal reserve system has prevented the country from going into a financial panic. While automobiles are now essential to many lines of industry, they also add to the expenditures and activities of the leisure class. Another feature that has something to do with the present situation, Mr. Ayers says, is the fact that so many young men have gone from the farms to work in automobile factories that a scarcity of labor has resulted.

While money is tight and there are so many drives and campaigns to raise funds for one cause and another, Mr. Ayers does not believe that the country faces disastrous times if the people practice reasonable economies and industry.

PLAINTIFF WON IN HANKINS CASE

Suit From Waverly Involves Tax Payment—Divorce Granted Mrs. Bertha Delaney.

In the suit of J. W. Hankins vs. H. E. Frye, appeal from a justice court, the jury found in favor of the plaintiff. The amount of damages was fixed at \$196.57.

Judge Burton has granted a divorce to Bertha R. Delaney from her husband, William Delaney. Cruelty is the charge made and the complainant is given the custody of the children.

Suit Over Taxes.

The assumpsit suit of A. C. Moffet vs. George L. McMahon is now on trial in the circuit court. The complainant is represented by E. D. Henry of Springfield and the defendant by William A. Hairgrove and Judge M. T. Layman. Suit was brought on the claim that the defendant owes to the complainant the sum of \$139.10 as the amount of taxes paid April 27, 1916, and for interest on that sum from the date mentioned until the time of filing the suit. It is the claim of the defendant that the payment of such tax money was not authorized by him and that any tax payments made for him have been through the bank and charged to his account.

SKIN HEALTH ESSENTIAL TO BODILY HEALTH

It is just as necessary to keep the outside of the body protected against germs and infections as it is the inside.

Many diseases are transmitted through the pores of the skin. Many serious infections come from lack of proper skin care.

The best of skin protection is cleanliness. And cleanliness — actual, honest cleanliness — demands use of clean, pure soap. You can't keep the skin clean and in a healthy condition when you clog the pores with impure soap.

Remmo Sterilized Toilet Soap is the purest and best Toilet Soap that can be manufactured. It is made exclusively of the purest and most excellent ingredients of greatest cleansing quality. Then these ingredients are sterilized at 198 degrees Fahrenheit. There can be no impurities in Remmo Sterilized Toilet Soap. It cleanses the skin hygienically. Its soft, creamy lather removes all dirt, all accumulations from the pores of the skin. It leaves the skin—the surface of it down to the very depths of the pores—thoroughly clean, refreshed, invigorated. A state of cleanliness that establishes a degree of resistance against ailments that might arise through improperly cared for skin—and with it that desirable pink-and-white quality of complexion that can be acquired only through proper skin care.

Remmo Sterilized Toilet Soap is not a medicated soap—not a soap for emergency use—but an everyday soap of greatest soap purity.

Common Sense Talks With Women

Women should be taught by those of experience that their most precious possession is their health. Upon it depends happiness, success and attractive homes, for no home can be attractive or happy with a despondent, nervous, irritable wife and mother, suffering from the ills peculiar to her sex, such as displacements, ulceration, inflammation, irregularities and the consequent headaches, backache, and dragging down pains.

It is such women who should listen to common sense advice and when such symptoms appear try that most successful of all medicines, Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and contains no narcotics or harmful drugs, and which for more than forty years has been restoring American women to health.

Here is Proof.

Cokesbury, Fla.—"I had a tumor and suffered with a severe pain in my right side. I could not stoop to fasten my shoes and was not able to do my work. I went to the doctor and he gave me medicine and told me to stay in bed for at least fifteen days and not even to lift a basin of water till I could gain strength enough to be operated on for cancer would be well without it. I remembered one of my aunts who had been in the same condition and was cured by your medicine so I took Lydia E. Pinkham's Vegetable Compound and got well completely. The tumor has disappeared and I am able to do anything I want to do. I recommend your medicine to my friends and you can publish my testimonial."—Mrs. S. F. RANDOLPH, Box 18, Cokesbury, Fla.

COMMUNICATION FROM FEDERAL LABOR UNION

Editor of the Journal.
Will you kindly publish the following statement of fact in the Journal.

A short time ago the laborers of this city decided to organize a union in order to be able to obtain a little more pay to meet the high cost of living.

On the 12th of May the following demands were presented to Mr. Seene, superintendent construction of the new high school building.

Only members of Federal Labor Union No. 17341 of the A. F. of L. to be employed as unskilled or common laborers by the party of the first part. Eight hours to constitute a day's work. 62 1/2 cents per hour shall be the wages 5 1/2 days per week ending Saturday noon. Time and one-half for all overtime. Double for Sunday and holidays. When doing hod carrier's work the pay shall be 75 cents per hour.

When this proposition was presented to Mr. Seene, he read it over, handed it back, saying: "I guess you might just as well not start in." The members took it

that they were locked out and walked off the job.

This matter was then brought before the Trades and Labor Assembly. This body appointed a committee who waited on Mr. Seene and at this conference Mr. Seene stated that he was not opposed to organized labor; that he himself was a member of a union and offered the following proposition: First, he would recognize the union, and would pay \$27.50 per week of 54 hours. He also stated that he would be willing to receive a committee from the union and hold a conference regarding hours and wages as he stated that he was in a position to pay more wages and that he intended to.

The committee reported back and the union then appointed a committee and they held a conference with Mr. Seene last Saturday the 15th and after a lengthy discussion Mr. Seene maintained that his original offer was the best he could do which was the recognition of the union, \$27.50 for 54 hour week. The union held their regular meeting Tuesday night the 18th. The committee made their report and the members voted to accept the offer.

A committee of three consisting of Richard Mathews, president of the union, Edward Haley and Charles Sluder; H. Herring, organizer and Louis Henderson, representing the Trades and Labor Assembly were asked to go along. Yesterday the committee called upon Mr. Seene and told him that the union had voted to accept his proposition whereupon he turned away, saying he could get all the help he wanted now. He was then asked the question "You go back on your own proposition then?" He replied "I can get all the help I want now."

Fellow citizens remember this is a high school building where boys and girls are to be taught to live uprightly and here we have a man who says he is a member of a union and that he is not opposed to organized labor and yet is unwilling to stand by the original offer made to the union and which we accepted. Well under these circumstances there is nothing left for us but to declare a strike on this building, and we appeal to all fair minded citizens and organized labor in particular to consider our case carefully and unite with us in order to help better the condition of the men who have to work longer hours at much smaller wages than any other union men.

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

RESTORED TO NORMAL

HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

AMERICAN LEGION SHOW IS GREAT

Katcha-Koo is One of Best Home Talent Plays Yet Seen—Members of Cast Perform Like Professionals—Show Will Be Repeated Tonight.

Katcha-Koo which was given at the Grand Wednesday evening under the auspices of Jacksonville Post No. 279 American Legion proved one of the best home talent plays yet seen in Jacksonville.

The play is called an Oriental American Musical Fantastique and it is all the name implies. The opening scene laid in India and the closing one showing the garden of a fine estate near New York lend themselves readily to lavishness in setting and costuming.

This was taken advantage of by the John B. Rogers Producing company and some beautiful and unique costumes were worn by members of the cast. It is safe to say that a better costumed home talent production has never been seen here.

Katcha-Koo contains many beautiful song numbers. These were given in a most artistic manner and there was not a number but that received one or more encores. In addition to the singing the dancing and evolutions of the various ensemble numbers were given with a precision that had a very professional air about them.

Leonard Potter as Katcha-Koo carried the largest burden of the performance. Mr. Potter is a real comedian and he kept the audience in continual laughter while he was on the stage. His songs were also well received. Especially was this true of "It's the clothes that make the man."

Felix Farrell, Jr., and Emmett Meyers as two American adventurers also were favorite with the audience. They had a great deal of work to do and did it in a splendid manner.

Mr. Farrell's duet with Mrs. Coddington who played the part of Dolly, "When I Went to School With You," proved especially pleasing. They were assisted by the Aud Lang Syne girls.

Mr. McGowan and Miss Wilhelmina Miller who had the role of Irene sang "That's What He Taught Me To Do." They closed the number with a catchy dance.

Fred B. Maue as the Mahajah was equal to all the demands made upon him while Sarah Martin, Mrs. J. Johnson, Helen Strubberg and Florence Short as his wives proved most capable.

Mrs. Hugh Breeden played the part of Mrs. Chattie Gaddin and gave an intelligent interpretation of the role.

Miss Esther Davis as the widow of a wizard and Miss Alice Hastings as Urbanah-High Priestess did some excellent comedy work and their song number with Mr. Farrell and Mr. Merryman was also well received.

The veil dancers, polo dancers, and Aud Lang Syne girls did good work in their respective numbers. The grand finale was a beautiful stage setting introducing the Yankee-Dixie chorus, England, Laddie Boys, Italy, France and Belgium. It was well conceived and brought forth great applause from the audience.

The performance will be repeated this evening. Those who did not see the opening performance should be there tonight and it is probable that many who attended the Wednesday night show will go again tonight. It is well worth a repeat.

Those who take part in the various ensemble numbers are: V. Dancers—Grace Tilton, Dorothy Wall, Betty Palmer, Frances Waddell, Katherine Alexander, Virginia Cummings, Eunice Haerle, Cleo Clarke, Garneda Phelps, Dorothy Dodsforth.

Polo Dancers—F. Cully, H. Strandberg, R. Strandberg, I. E. Allen, Glen Randall, J. Hosp, W. A. Scott, Wm. Peters, Olive Colby, Frances Claus, Olive Randall, Margaret Corrington, Mary Cosgriff, Mary Ator, Bernice Dodsforth, Hazel Widmayer, Letha Jones, Margaret Davidson.

Aud Lang Syne—Belle Palmer, Virginia Cummings, Martina Strang, Lynn Allen, Fern Carlisle, Cec Clark, Helen Ferreira, Elsie Fierle, Bernice Alves, Lorene Daniels, Ruth Wilkinson, Dorla Kanton.

Oriental Ladies—Leta Stillwell, Dorothy Deather, Bernice Dodsforth, Grace Johnson, Leola Spencer, Letha Jones, Hazel Jones, Helen DeSilva, Alle Leak, Alberta Scarlett, Olive Colby, Frances Claus, Olive Randall, Leola Bolton.

Slaves and Peasants—Messrs. T. Cully, H. Strandberg, R. Strandberg, I. E. Allen, Glen Randall, Connelley, Eugene Keele, Wm. Peters, Bradley, Homer Paschall, C. Hill, William Peters, J. Hosp, Ferguson, James Smith.

Yankee Dixie Girls—Frances Frisch, Elizabeth Jones, Katherine Karm, Anna Margaret Vande, Elizabeth Hardesty, Wanda King, Helen Ellis, Frances Moseley, Margaret Coking, Nancy Jane Black, Florence Coking, Kathryn Stieber.

Laddies—Elizabeth Goodale, Florence Krauwel, Larna Carpenter, Abbie Young, Irene Stubblefield, Lucille Mackness, Margaret Williamson and Eleanor Andre.

Italians—Frances Cox, Lucille Strandberg, Ophelia Birdsell, Leila Faymona, Laura Young, Mary Smith, Martha Leake and Margaret Stubblefield.

French—Ruth Roberts, Thelma Carpenter, Imo King, Imogene Fernandez, Florence Hanlin, Mardella K'ham, Anna Hammell, Jeannette Conboy.

Belgians—Lois Rodgers, Calvino Holkenbrink, Opal Foreman, Faye Carroll, Lucile Harbor, Virginia Smith.

Mrs. Thomas K. Jones of Jackson, Tenn., is here for a visit of several weeks with her parents, Mr. and Mrs. W. D. Doying of West College street. Mr. Jones is expected here in June for a brief visit.

IN PLATFORM WORK.

Rev. Allen A. Tanner of Denver is in the city to make a brief visit with his son. Dr. Tanner is now engaged in platform work, presenting sociological questions. In months past he has appeared in many cities in lecture courses and during the summer months will follow a number of chautauqua circuits. For a long period Dr. Tanner has been interested in sociological problems and his work has been of great value in many instances in bringing about a better understanding between capital and labor.

RUSSELL PROS. SHOWS PLEASES PATRONS

The weather yesterday was not favorable for the Russell Bros. shows but the attendance at the Cannon lot on North Main street was nevertheless very good. The features of this company's shows are considerably above the average and people who have visited the grounds and attended the shows bear testimony to this fact. An excellent band accompanies the shows and gives a concert program in the business district each day.

TEN ACRES OF CORN UP.

Porter Bell, living in the region of Woodson, has ten acres of corn up and he says it is looking well. It was planted on blue grass sod broken for the first time in a number of years and has been planted about three weeks. Mr. Bell feels pardonably proud of his field and thinks it will be hard to match it in the county.

With the Sick

Webster Seymour, 311 East College street, underwent an operation yesterday for the removal of his tonsils at Passavant hospital. He returned home last evening and is getting along nicely.

Fred Kunzman, of Chandlerville, returned home Wednesday from Passavant hospital, where he has been a patient for some time.

Edward Tanner underwent an operation at Passavant hospital Wednesday morning.

Rev. Allen A. Tanner of Denver, Colo., is in the city for a brief visit with his son Edward, who is a patient at Passavant hospital.

Bernard Gause, who has been confined to his home for several weeks, with pneumonia, will be in the business district again in the course of a very few days.

Merle Reynolds of the Farmers' State Bank & Trust Co., who is a patient at Passavant hospital, is improving in a satisfactory way but will probably be a hospital patient for two weeks more.

All young men enjoy wearing the latest correct style of Neckwear. The kind shown by FRANK BYRNS' Hat Store will please J. H. S. Seniors.

A LARGE WHEEL TAX.

Probably the largest contribution to the city's coffers in the way of wheel tax was paid by J. Cohen and Son. Their many vehicles call for various licenses. The whole amounting to nearly ninety dollars. What made it all the more pleasant was the fact that the Cohens paid the sum cheerfully saying it was all right, a fair tax on vehicle owners and should be paid.

THE R. & R. SALES COMPANY SOLD OUT

Mention was made yesterday of the purchase by L. F. O'Donnell of the building just east of the opera house. It is now occupied by the R. & R. Sales Company who sold out to Mr. O'Donnell. Mr. Rawlings, Jr., says he is obliged to go to California on account of his mother's health and consequently disposed of the business here.

JOHN OLEAN HAD UNUSUAL RECORD

Lived in Court House Basement for Fourteen Years—Made Several Trips to Sweden.

John Olean, who died at the county farm yesterday, was known to many Jacksonville people, especially those who have occasion from time to time to visit the court house, "Old John" was the way the deceased was familiarly known to the people of the court house, as he had spent most of his time around that building for nearly fourteen years. He had no relatives and when the late Charles B. Graff was elected sheriff he fitted up sleeping quarters for the old man in the basement of the building and during all the years since he has served as the night fireman of the building.

It was a position without a salary but it furnished Mr. Olean a comfortable place to stay. In the spring and summer months he earned enough money thru odd job work to provide for his meals during the year. About a week ago he became ill and was so disabled that Deputy Sheriff Wankmiller, who has charge of the court house building arranged to have him sent to the county home.

Mr. Olean was born in Sweden and was about seventy years of age. A good many years ago he came to this country and began working as a harvest hand. He accumulated enough money to buy him a forty acre tract of land in Apple Creek neighborhood and lived there until about 1902, when he came to Jacksonville. He had made several trips to land of his birth to visit relatives, had traveled much in the United States and in many ways was an interesting character. He was industrious and dependable and had various qualities to give him the good will of those who knew him.

CANADA THISTLES ARE REPORTED

A gentleman of unquestioned veracity, but for good reason, doesn't want his name quoted, says on a street in South Jacksonville there is a weed very much resembling Canadian thistles and he feels sure it is the pest. Attention should at once be directed to the matter. The gentleman said there were a good many plants of the noxious weed and it should be exterminated before it scatters any farther.

You Save Sugar

Whether it be scarce or expensive or both, when you choose for your cereal

Grape-Nuts

This food needs no sweetening for it contains its own sugar self developed from the grains.

While other cereals require more or less sugar to make them attractive Grape-Nuts own rich flavor is abundantly satisfying.
